Because of this, it is very important to analyze the manner in which these deeds are incriminated in order to observe how administrators' abusive behavior could form the object of criminal law repression. Such crimes can occur in multiple situations and are of a real concern for specialists belonging to the institutions from the areal of Public Order and National Security, mostly Romanian Police, but also the organisms from the Public Finance Ministry specialized in fighting economical crimes. The paper tackles the regulatory aspects of such crimes, as derived from the Romanian Penal Code, and is also directly linked to the preoccupations of the Academic sector for the analysis of the characteristics of such crimes.</p>
